DIZZINESS SURGERY PATIENT QUESTIONNAIRE

1. Although I want to get rid of the vertigo spells, my hearing in the affected ear is very important to me and I would like to preserve it at all costs, if possible.
TRUE NOT SURE FALSE
2. My current level of hearing is very useful to me and I would like an option that allows me to preserve my hearing.
TRUE NOT SURE FALSE
3. My primary objective is to obtain a permanent cure of the vertigo and return to regular activities as soon as possible and I don't mind if this means losing all my hearing in the affected ear.
TRUE NOT SURE FALSE
4. I would like the least invasive procedure (least risks and possible side-effects and smallest incision, etc.) even if this means that it may take longer to get rid of the vertigo spells and that some vertigo could come back several years from now and I may need more treatment at a later date.
