

# EAR CONSULTANTS OF GEORGIA, P.C.

## CONSENT FOR TEXT (SMS) AND EMAIL MESSAGING

Your health care is important to us. In order to provide you with the best possible care, we may occasionally send convenient text messages or email messages to our patients about their health care and the products and services we offer. We may send you text (SMS) or email messages as a reminder for an upcoming appointment if you have chosen this as a preferred method of contact. Please consult with your mobile provider re. text messaging charges.

You will receive such messages (appointment reminders) through our EHR system, Practice Fusion, or Patient Fusion.

If you wish to change your preferences in order to receive promotional text messages or if you wish to decline receiving all text messages from Ear Consultants of Georgia, please let us know.

We look forward to providing better and more convenient communications with you via text messaging. Our goal is to provide you with relevant and useful information about your health care and the products and services we offer for improving your health. Thank you!
